

MIND FORCE CONFERENCE 2016

COMPLEXITY SCIENCE IN LIFE

TUSCAN ACADEMY

FINAL PROGRAM

FRIDAY 30TH OF SEPTEMBER

20. Welcome Dinner and Frederick D Abraham, Lecture: Surfing the Mu-Bifurcation

SATURDAY 1ST OF OCTOBER

Welcome: Mario A. Reda

9.00 Session 1. Mind Force: Perspectives and Dimensions: Multidisciplinary Collaborations and their Methodology

Mind Force: 8 years after...with a few more questions, Franco Orsucci, Chair

Steve Suomi, Behavioral, biological, and epigenetic consequences of early social experiences in primates

Mauro Annunziato, Smart Communities, towards a participative transition in urban relations.

Frederick Abraham, Divination, Semiotics & Science: A Dynamical View

Erhard Mergenthaler, Resonating Minds and Cognitive Emotional Regulation - A Case of Mind Force?

10.45 Coffee break and Focus Group: Soraya Torrice, Eutizio Egiziano

12.00 Conversaction: Mario Reda - Chair, Mario Fulcheri - Discussant

Michele Zappella, Omar Gelo, Ignazio Licata, Soraya Torrice, Eutizio Egiziano

13.00 Working Lunch

Session 2: 14.00 Deep Ecology and the Post-Descartes Debate: from Mind to Matter and Return. Franco Orsucci, Chair

Enrico Alleva, Stress and neural plasticity: from rodents to humans

Wolfgang Tschacher, Embodiment as a (partial) scientific answer to the mind-matter problem

Ignazio Licata, The human system: A global approach to the mind/body problem

Liborio Stuppia, Parsimonious genes, dangerous genes?

Fabrizio Desideri, From the Aesthetic Mind to the Symbolic Mind: The Aesthetic Mechanism as Emerging Synthesis

16.30 Coffee break and Focus Group: Giulia Paoloni, Luca Canestri

Conversaction: Ezio Menoni Chair - Giulio de Felice, Discussant, Johann Kleinbubb, Rodolfo A. Fiorini, Pietro Cipresso, Giulia Paoloni, Luca Canestri

18.00 Manifesto Session: from the Mind Force Manifesto to the Human Dynamics Manifesto

20.00 Mind Force WJF III Award 2016, Mario Reda, Chair

Mind Force Dinner, Mario Fulcheri, Dinner Speech

SUNDAY 2ND OF OCTOBER

9.00 Complex Human Dynamics

Session 3, Towards a Meta-Model of Change, Franco Orsucci Chair

Manuel Froufe-Torres, Consciousness: The Complexity of the Subjective Dimension

Behavioral and Neurological Data

Gunter Schiepeck, Psychotherapy as an applied complexity science: theory – research – practice

Chiara Mocenni and Dario Madeo, Evolutionary Games on Networks for Individual and Social Behavior

Giuseppe Leonardi, The Emergence of Mother-Infant Coordination

Omar Gelo, A dynamic systems approach to therapeutic discourse

10.45 Coffee break and Focus Group: Gianluca Lo Coco, Giulia Paoloni

12.00 Conversaction: Wolfgang Tschacher Chair, Juan Balbi Discussant

Ezio Menoni, Arianna Palmieri, Giulio de Felice, Angelo Compare, Gianluca Lo Coco, Giulia Paoloni
